

Pettistree People

Issue 42

June 2008

Deadline for next issue is August 10th 2008

Parish Council News

Our meeting on 21st February was mentioned briefly in the last newsletter but there was no space to explain the report of our current policing arrangements for Pettistree. We are now looked after by the Safer Neighbourhood Team system. Details and news can be found on the SNT website which is part of the Suffolk Coastal website. In fact Pettistree is not named and we are included with Ufford rather than Wickham Market.

The full team is shown on <http://www.onesuffolk.co.uk/safersuffolk/woodbridgeandmelton>

but our PC is Mark Thompson. He is assisted by Marie Smith as Support Officer. In an emergency always dial 999 but otherwise use the main Suffolk Police number (01473 613500) to contact them.

We have several successful businesses in the village and this inevitably brings large delivery lorries from time to time. These are usually driven with care and consideration but if damage or bad driving is seen it should be reported so that the authorities can follow it up. This is best done by using an HGV Incident Report form available from the Suffolk County Council website under HGV Incident Report. The form can be requested on-line but not downloaded. It is of course essential to note down the name and registration number of the lorry, the date, time and nature of the incident.

We receive anecdotal accounts of speeding traffic on roads around the village. The police explained in our last liaison meeting that they have to have definite reported incidents before they are allowed to set up even temporary speed cameras. A note of date, time and type of vehicle is needed even if the registration number is not included.

If villagers are troubled by other nuisances such as noise or bad road conditions (including mud and floods) it is also essential to record the date, time and nature of the nuisance. If these written details are available the authorities can be contacted direct or the information passed on to your councillors. Without the details it is very difficult to get action taken on any complaints.

Maureen Stollery Vice Chairman	746653
Nick Beagley	746334
Kathy Wilton	746307
Peter Hayward	746558

I have emphasised the need for written details of incidents because a complaint was made at the Annual parish Meeting on 20th May that the Parish Council has not been taking adequate action on the sort of problems described above. Village problems are taken seriously and if response seems slow it is because the facts must be confirmed. All the advice is that informal approaches and discussions should be held with householders, businesses or landowners before formal complaints are made or the authorities involved. If there is a problem – write the details down.

The Parish Council AGM was a brief meeting on 6th May. I was re-elected as Chairman with Maureen Stollery continuing as Vice Chairman. An ordinary Parish Council Meeting followed and we discussed the disturbance from poorly regulated bird scarers and communicating concerns to landowners. It was agreed to repair or replace the notice board near the Green and to meet with County Council officers to try to get the footpath repaired between the A12 off-slip road and Wickham Market.

The Annual Parish Meeting on 20th May was poorly attended with only 11 people present including councillors. As explained in the last newsletter this is the chance for anyone to raise any subject they wish to bring to the attention of the village and the Parish Council. (I intend to see if my report can be put on the Pettistree website as it summarizes the last year from the council's point of view.) The two main positive items to report were the success of the re-opening of the Greyhound Pub, and the release of the preliminary report on the Parish Plan survey. The most attractive and best illustrated report was as usual the excellent review of 2007 by our local history recorder Joan Peck.

The Parish Council needs help. We have recently lost the valuable input of Karen Hunter and Henrietta Kay who have resigned as councillors for family reasons, so once again we have two vacancies. We have not yet been able to find a new Parish Clerk and Heather Heelis finishes her notice at the end of May so we shall be going into DIY mode very soon! **If you can help as councillor or clerk please contact any councillor listed at the end of this newsletter.**

Some excellent events are planned by various village groups for the Summer months so do please support them to help promote communication throughout the village.—*Jeff Hallett*

Tel Nos Front page

A New Tree on The Green

An Oak Tree (*Quercus Robur*) has been planted on the Village Green to replace a split tree taken down last year for safety reasons. It was planted by the Chairman of the Parish Council, supplied by Crown Nurseries Ufford and donated by Karen Hunter to mark her happy times in the Village

Thank You Karen & Best Wishes for the Future

Parish Plan

Successes to Celebrate:

We received 48 completed questionnaires and 136 people contributed towards the results.

97% of people receive and enjoy Pettistree People, the Notice Boards are another well used communication tool for the village.

Keeping our village litter free is important, therefore the annual 'Litter Pick' will continue.

58% of people have used the Village Hall and the majority of these found the facilities good.

The village green and churchyard are well maintained.

Issues for Possible Future Work:

Planning Permissions may not be advertised well enough, these can be found in Pettistree People, East Anglian Daily Times and outside the individual property.

Speeding traffic in the following locations; Main Road junction by Three Tuns, Presmere Road and Java Road, and The Street.

Improvements to footpaths and the roadside; we need to identify the exact problem places so they may be resolved. Ongoing these issues should be reported to Parish Council members for resolution.

Housing; 64% of people are keen for small housing groups to be developed, however, there was concern over the possible change to the environment this may bring. No large development is wanted.

56% of people think we do not have a Community Police Officer and 36% feel the Police coverage is poor.

The new refuse bin system has helped the village with its wish to recycle more, however there is concern that not all of the village have them. When will they arrive?

An adhoc Good Neighbour Scheme is in operation. Is there a wish to formalise this or are we happy to continue as is.

52% of households would like Mains Gas, 34% would like to be connected to Mains Sewers. This would need to be investigated by a future project group.

The Final Report Summary will be issued to all households once complete.

Please let us know if you agree with the key points brought out of the parish Plan Results. Please feel free to add any comments or additional issues to these sheets and return to a member of the parish Council.

Once we have received your comments we will be compiling the Parish plan.

Many Thanks

Parish Plan Committee.

Location : Mr & Mrs P Westrope, Park Farm, Loudham, Woodbridge IP13 0NW

Proposal : Conversion of redundant farm buildings to office in association with agricultural business, (demolition of existing building).

Result: Granted

Litter Pick 2008

On Sunday 30th March 2008 plastic bags and gloves were delivered to Jeff's door ready for the off. I arrived at the Greyhound Car Park at 10.55am -- no one to be seen, had I got the date right? - just a little concerned but by 11.15am a hardy group of Pettistree villagers had gathered in the car park. Once armed with dustbin liners, gloves and sticks, the Beagley family, Rita and Dick Smith, Cath and Dave Caudwell, and I set off on our allotted routes.

We all set off on this annual worthwhile "occupation" in good spirits. We were very lucky that it was a dry day, but not under foot as it had rained most of the week making it hazardous when retrieving beer cans from the ditch. A wide range of rubbish was found, a milk crate, a carrier bag containing men's toiletries including razors, and a garden pot plant left beside the main road.

The bus shelter area has improved since the Parish Council requested the litter bins.

The bags became very wet and heavy and we missed Jeff with his trolley this year, In past years he has helped us along when our bags became heavy

We should like to say a big "THANKYOU" to all our happy workers who turn out year after year to help keep our village tidy, and to some of our dog walkers who pick up the rubbish through the year.

We were given permission from Paul Whayman (the new landlord) to leave our rubbish bags at the Greyhound for collection by the Refuse Collectors.

Food for thought, next year we shall be able to look forward to refreshments at the Greyhound afterwards!!

Maureen Stollery.

News from St Peter & St Paul Pettistree

Pettistree Church

The Annual meeting of Pettistree church was held on April 14th, after which Brian Nobbs is the sole churchwarden as Richard Sherrington has moved from the area, and Cherry White and Maggie Hallett were elected to the PCC.

The Vicar, John Eldridge took the opportunity to express his thanks to all those volunteers who help to maintain the church and it's surroundings, and also to those who take part in the running of the services. We tend to take for granted that we can enjoy the sound of the bells while walking through a well tended churchyard, and fail to appreciate that someone has made sure that there is a clean church with beautiful flowers on the altar. In a small parish everybody's participation is important and welcomed, and since many of those who deserve thanks were absent from the meeting I am taking this opportunity to report his thanks here.

Induction Loop system Pettistree church now has the benefit of this system which is designed to amplify the service for users of hearing aids. Aids should be switched to the 'T' setting to enable them to pick up the signal.

Suffolk 'Churches Open' Week is July 14th – 20th. Pettistree church will be one of around 350 churches in Suffolk that are open during the week, and we plan to be manned from 10.00 am to 4.00 pm daily. We are particularly proud that a photograph of Pettistree church is being used this year in the advertising poster for the event throughout the county. Volunteers will be on duty to welcome all visitors so please get in touch if you can help and if anyone is able to offer their flower arranging talents for this special week please contact Maggie Hallett.

Important dates in Pettistree

Attendance on Friday June 13th at 7.00pm is a must for everyone interested in church and village history, as Clive Paine is presenting a talk on the history of the church. He is a very entertaining speaker and has researched some fascinating material about Pettistree. During the evening he will take the opportunity of showing us round the church inside and out, so bring a broolly if it is wet. A mid-talk break for refreshments is planned and there will be ample opportunities for questions as well. The cost is £6.00 per person and the money raised is shared equally between the Suffolk Historic churches Trust and Pettistree church as Clive gives his time free and does not claim expenses.

The combined Pettistree church and Village Hall fund-raising Barbecue and Songs of Praise event is on Sunday June 29th. Final arrangements were still being made when this copy was written so please consult the flyers and posters for details, which will also be posted on the Pettistree website.

Welcome to the Greyhound

It was with considerable delight and enthusiasm that many villagers of Pettistree and Loudham ventured forth to the re-opening of The Greyhound Pub on Saturday 26th April. Invitations had been delivered to one and all, by our new publicans Paul and Margaret Whayman, to join them in the celebrations. We were treated to a wonderful selection of small eats and the first drink "on the house" by our welcoming host and hostess and had a taste (literally!) of "things to come".

The lights were once more on, the "refurbished" garden provided an attractive spot for the many village children who came to join in the fun.

Thanks to our new member of the village, Stephen Wassel - complete with his guitar -there was live music too! We were all invited to join in a "sing-song" (composed by Stephen himself) welcoming Paul and Margaret to The Greyhound and to raise our glasses to their future happiness and success with the pub.

"Cheers to The Greyhound" was the title of the song, and the toast too, and we wish Paul and Margaret every success with their new venture. Having been without the pub for nearly two years we are all delighted to see it open again and offering a warm welcome to locals and visitors alike. Many of us have already sampled the culinary delights produced by the very talented chef, Jon Jones, and have been impressed with the high standard and choice offered.

Now that The Greyhound is once more filled with warmth and laughter, not to mention the wonderful smells emanating from the kitchen, let us ensure that it stays open! Whether you wish for a snack or light lunch or something more substantial you will find it on the excellent menu. Real ales, organic and fruit beers, not to mention good lagers and cider are all waiting to be sampled, so come and do so! "Use it or lose it" doesn't just apply to post offices! Let us make sure that Paul and Margaret are given as warm a welcome as they have given us and give them our support and good wishes. Let us say "Cheers to The Greyhound" and mean it.

Cherry White

The Lyrics of "Cheers to the Greyhound" have been framed and are hanging on the Greyhound wall for all to read -ED

Village Hall

QUIZ NIGHT

The 2008 Quiz Night was held at the Village Hall on Friday 4th April, and about 40 people turned up to take part.

As always, Dave Caudwell was in fine form, and had prepared some tricky questions for us. During the evening, a buffet was served.

It was a close run competition, with Jim Jarvie's Pettistree "Stingers" beating the Pettistree "Bellringers" by just half a point to win.

Our thanks to Dave for all his hard work in preparing the Quiz - the night was great fun, and it was good to see some new faces.

Jenny Ayris

PUB GAMES by Ann Calver

The peace and tranquility of Pettistree was, for one evening only, challenged by a boisterous array of popular traditional games, bringing back the friendly, competitive spirit of a bygone Public House era, namely the Annual Pettistree Pub Games Evening! Such classics as Shove Ha'penny and Dominoes were played alongside the ever popular Darts and the more contemporary Table Football and Jenga. The 14 teams involved, whose members ranged from 5 years old to Senior Citizens, were overseen by Master of Ceremonies, Mike Manning, whose effortless master-minding of the entire evening (which also included collecting the Fish and Chips for the half-time supper!) made everything run smoothly. Our tasty supper, followed by the raffle, gave us the opportunity to discuss strategies for the second half!

It was an evening for the whole family to enjoy together, and for some of us, it was a chance to learn the rules to games we had only heard talk of! After all the excitement (and in some cases, frustration!) of the evening, we came together to learn our fate. Only two points separated the joint runners-up and the winners, but I am sure that all who attended would agree that it was more about the taking part than the winning!!

It was certainly a fun filled evening, with a very warm and friendly atmosphere. Thanks must go to all those who helped to make this evening such a great success.
Keep up the good work!

Betty Whitfield

A Tribute By Alan and Rosemary Whitfield

Born in ... an undisclosed year in dee. You could still hear a slight graphic designer, then, when she met Eric, also an officer in the Air St. Edmunds and spent the next

Initially the Air Force kept us all Africa, and Betty thrived on it. remember her getting ready for dresses, which she made herself. partner for Eric.

Aberdeen Betty was brought up in Dun-Scottish accent. She trained as a war came, she joined the WAAF and Force. They married in 1946 in Bury fifty seven years together.

on the move, in the UK and in North She was sociable and glamorous: we balls and dinner parties, wearing lovely She was also sporty and a strong tennis

The family settled in Pettistree when Father left the RAF in 1962. Setting up the White House kennels in 1964 was an obvious move into which they put enormous effort for the rest of their working lives. Betty loved dogs and knew a lot about them. She bred and trained Alsatians and Cavalier King Charles Spaniels – and she was very successful at showing them.

In her spare time, she raised five children. She and Eric made a formidable team and always appeared to be in synch: we found it impossible to play them off against each other. They were honest and hard-working and taught us valuable lessons:

- 1 “there are no short cuts, you get out what you put in” was one of their mottos
- 2 treat everyone as you would expect to be treated
- 3 pocket money wasn't just doled out, it had to be earned: we had rotas for washing up, gardening, dog walking etc.
- 4 if we were ill, they would accept a doctor's note but only if it was signed by at least two doctors.

Never in all that time did we hear a cross word between them, except perhaps during Betty's memorable driving lessons. With Eric attempting to teach her to drive. Their second mistake was having all 5 of us in the car at the time. The car would stop abruptly and we children were “invited” to walk home, while Betty, Eric and car kangarooed off into the distance. She never got the hang of driving. Her lessons ended on an airfield when she and the car met a pile of bricks.

She enjoyed being driven however, preferably at speed in an open car. She loved walking too: long hikes particularly on the Yorkshire Moors and Dales, again at speed. Gardening was another passion which also earned her prizes. Other pleasures included TV, theatre and reading. Gruesome murder mysteries were a favourite - the gorier the better.

Betty was a lady, seldom if ever seen without make up or tidy hair, sprayed with Elnett (industrial strength) to withstand a force 10 gale or 70mph in Alan's Triumph Roadster. She had even ridden pillion on Nick's motor bike when he took her to her hairdresser in Woodbridge when she had missed the bus. An experience which she recalled as being enjoyable.

We remember our childhood with great fondness. Betty had a fine sense of humour and there was a lot of laughter. Perhaps she and Eric were too busy running the kennels to worry about what we got up to. We had freedom and independence - which we sometimes abused: water battles involved not so much

pistols at dawn as buckets down the stairs, sometimes missing their target and once resulting in soaking Betty and her hair do. For years Eric was convinced there was rising damp on the stairs but Betty never let on.

The death of Nick, her younger son, was an awful blow. She did her best to conceal it but it must have affected her deeply. She wasn't demonstrative but she cared about her children.

After Eric died in 2003, Betty battled on at the White House. But in the end it got too much. She spent the last 2 1/2 years of her life at Allonsfield. She enjoyed being there, she relaxed and the staff were brilliant and kind. We're thinking of putting our names down when the time comes.

She had always refused point blank to reveal what she did during the war as she had signed the Official Secrets Act when joining the WAAF, like everyone else in the services. Even Dad died not knowing, but then he didn't pester as we did! We only found out when we were told after her funeral by two jolly good friends of theirs - actually it wasn't that thrilling (not a spy or anything), and anyway we'd already correctly surmised what it was some time back.

She had her favourite TV programmes, she loved David Attenborough's natural history programmes and 'Top Gear'! Had she had a Freeview set she would also have enjoyed 'Dog Borstal' being about dogs and their gormless owners, also it was shot mostly at Bentwaters but sometimes featured The Thoroughfare in Woodbridge.

We hope and believe that Betty achieved everything she set out to do. We'll miss her.

Pettistree Heritage Trust

AGM JUNE 14th 2008

Pettistree Heritage will hold their AGM in the newly reopened Greyhound pub on Saturday 14 June at 5.15pm, by kind permission of Margaret and Paul Whayman.

There will be an exhibition of information researched and collected on the history of the Greyhound, including photographs taken during the recent refurbishment.

"A Grave Business" Talk by Peter Driver November 14th 2008

Peter Driver is well known throughout East Anglia for his local knowledge.

Ruby and Her Horses. A true tale of Suffolk Life .Friday 27th November 2009

This is a true narrative of Suffolk life told by Neil Lanham from stories that were told to him by his mother Ruby. Her love of horses is set against the agricultural depression before the First World War until 1930s.

He presents the story with Andrew Stannard. The evening entertainment includes stories, songs and music, folklore, cures, recipes, humour and much much more.

More information on www.oraltraditions.co.uk Rosie Hayward 01728 746 558,

At Last Pettistree Wins

On Saturday 17th May 13 teams from all over Suffolk competed for the Suffolk Guild of Ringers Mitson Shield for 6 bell striking at Sweffling.

Pettistree has taken part in this prestigious annual event every year since 1988. This year, for the first time, Pettistree won, the first 6 bell tower to win since 1969."

Carpet Bowls Triangular Tournament

Despite the depleted numbers in the Pettistree Carpet Bowls Team, we managed to compete in the Triangular Tournament with Ufford and Dallinghoo, although it was touch and go to get enough players at time. The results of the matches were as follows:

16.12.07 UFFORD v PETTISTREE

Ufford recovered from being 3-1 down with one game drawn to win the 6th and 7th games and square the score at 3-3. If Ufford had gone for another game and achieved a hat trick of victories the result on the night and for the series would have been very different. As it was Pettistree claimed the win on shots for 22-16.

16.01.08 DALLINGHOO v PETTISTREE

The second match in the series saw Dallinghoo record a convincing win over Pettistree by 5 games to 3 and a shots for score of 41-24, very impressive.

06.02.08 DALLINGHOO v UFFORD

Match three produced another home win for Dallinghoo by 5 games to 2 and 46 shots to 27. The figures however do not give a true reflection of the match because at the interval the score was 3-2 to the home team and 26-25 in shots. This begs the question, what was in the excellent refreshments that so inspired the home team and scuppered the visitors? No samples were sent for analysis so we will never know.

28.02.08 PETTISTREE v UFFORD

This contest was a virtual re-run of the first match between these teams, namely three games each and Pettistree claiming victory on shots for 20-15. Close indeed.

06.03.08 UFFORD v DALLINGHOO

This was a vital fixture for the visitors because if they could reproduce their impressive home form on the road they would almost certainly have been series champions, even though they still had to negotiate a trip to Pettistree's difficult playing surface. Ufford by contrast had lost all three matches to date and so a giant killing was on the cards. Ufford raised their game to record victory by 3 games to 1 and two games drawn. Shots to the home team 26-15 showed the margin of victory.

13.03.08 PETTISTREE v DALLINGHOO

Pettistree retained their title as champions by recording a comfortable victory 5 games to 2. As I said earlier it could be argued that the first match turned out to be the decider.

Although Pettistree are series winners again it could be said that having to play on such a difficult surface each week should merit some reward. I doubt the players at Dallinghoo and Ufford would be willing to swap with Pettistree.

I hope all those taking part enjoyed themselves sufficiently to want to do it again next time and who knows we may find others to join in, which would make the organisation a little easier.

Mike Sayer

All doing very well

Bogus Traders

Community safety series - article 7

Play Your Part by watching out for bogus callers

With the warmer weather encouraging doorstep callers onto our streets, residents are being warned to watch out for bogus deals or offers to check services.

Statistics show that spring and summer is when unscrupulous traders or thieves posing as officials tend to target unsuspecting householders, some of whom will be elderly or frail.

Suffolk County Council Trading Standards officers are working with Suffolk police, Neighbourhood Watch, Anglian Water and others across the county to protect people from becoming victims of bogus callers.

You can play your part by keeping watch and reporting any concerns by calling Consumer Direct on 0845404050, or contacting your area Safer Neighbourhood Team on 01473 613 500, or visit www.suffolk.police.uk

Remember Lock Stop Chain Check (the four steps to safety)

- LOCK - make sure your back door is locked before you go to the front door
- STOP – think ‘Are you expecting anyone?’
- CHAIN – secure the door chain before opening it
- CHECK – ask for and double-check the caller’s identity. If you are in any doubt, don’t let them in

Tips for dealing with bogus traders

- 1 Don’t agree to any work at your doorstep, or let the job start before you have a chance to change your mind
 - 2 Does the work really need doing? If so, shop around and get some quotes and personal recommendations before going ahead.
- A good trader/builder is always in demand, does not need to chase work by knocking on doors

and will give you time to consider the estimated price. You have a right to cancel any contract signed on the doorstep within seven days. You must be given a cancellation notice with any work. If you are not, the contract is void and no one can force you to pay.

Did You Know ? About half of all bogus callers claim to be from utility companies such as 'the water board'. Householders can check their identification card is genuine by calling Anglian Water on Freephone 0800 145 145 (24 hours)

Dates for your diary

June 13th Clive Paine, Church historian and raconteur
6.00 pm

June 14th
Pettistree Heritage AGM
Greyhound 5.15pm

June 29th at 3.0pm
Combined event with Church and Village Hall in the churchyard Fete, Songs of Praise at 4.30 pm, BBQ

November 14th 7.30pm.
